Miss Josephine Fiske Describes Work of Deacons' Home—Open Air Service—Guests of Miss Freeman Pionick and Knit for Red Cross.

At the Sunday morning service in the M. E. church, Miss Josephine Fiske, superintendent of the Deacons' Home in Providence, spoke of the work done there in child welfare, caring for the poor and sick, and for wayward girls. Envelopes were distributed among the congregation for pledge or volunteer offerings to aid in the work.

Miss Fiske spoke at the Uncasville M. E. church in the afternoon. She has been engaged in this work twenty-two years.

The Sunday school session was conducted by Assistant Superintendent Dudley C. Perkins.

Outdoor Service.

A well attended open air service was held on the grounds of the Country club at 7:45 o'clock Sunday evening. Rev. Arthur E. Parkins, pastor of the Central Baptist church, Norwich, was the speaker. Rev. Benjamin H. Clark, educational secretary of Y. M. C. A. work at the submarine base, was leader in the singing; Miss Jennie G. Perkins at the piano; Rev. O. E. Newton of the village church introduced Rev. Mr. Parkins, who read from the 11th chapter of St. John and St. John 15: 15, taking for his theme Faith and Prayer, which interested his hearers. Rev. Mr. Parkins pronounced the benediction.

Pionicked and Knitted.

Tuesday afternoon Miss Caroline B. Freeman entertained friends at her home, The Bowrie, near the village. The guests spent an agreeable day picnicking in the woods by the water-side. Red Cross knitting was the industrious pastime and the prize for the best knitting in stockings was won by Mrs. Orland Burdick of Los Angeles. Consolation awards went to Mrs. James Roseow of Paterson, N. J., and Mrs. Lulu B. Hempstead of this village. The other guests were Mrs. Fred Fox, Mrs. Grant Foster, Mrs. Anton

Nelson and Mrs. Arthur Blackledge, all of Greenville.

Benefit Knitting Bee.

Misses Constance Raymond of Norwich and Harriet Smith of Montclair, N. J., whose families are among the summer residents here, were through the village Monday morning in Red Cross costume selling tickets for a knitting bee at the summer home of Mrs. Frank A. Apin for the benefit of the local auxiliary of the Red Cross.

Social and Personal.

The second ice cream sale and dance of the season was held at the Country club Saturday evening.

Miss Mildred Voorhees, youngest daughter of Mr. and Mrs. Alfred Voorhees, formerly of this place, now residents of Brooklyn, N. Y., who are spending the month here, joined the family last week on her return from the White mountains.

Mrs. Frank Woodruff of Richmond Hill, L. I., who is spending the season at the family cottage on the bluff, spent Thursday and Friday in New York.

Mrs. Elmer Kidder and daughter Barbara of Spencerport, N. Y., arrived Saturday to visit Mrs. Kidder's parents, Mr. and Mrs. Charles H. Comstock.

The family of J. Harry Mann of Putnam arrived at their cottage last week.

Mr. and Mrs. A. L. Morgan of the submarine base are spending ten days' leave of absence at Philadelphia and Atlantic City.

Mrs. A. P. Miller is entertaining Mrs. A. G. Aldrich and children from New York. Mrs. Miller returned Saturday from Boston, where she went to meet her mother, who is also her guest, traveling here from Canada.

Mrs. Nelson G. Crowell, with Mrs. Crowell's daughter Dorothy of Norwich, were recent guests of Mr. and Mrs. Franklin H. Brown.

Tower Location Changed.

Owing to change of plans of the Eastern Connecticut Power company, the tower for the transmission wires, which is to bring the power to this side of the river will be placed on Allen's mountain, near Fort Decatur, the property of Charles H. Brown of Norwich, and is opposite Kitemaug and not on the property of Mr. Brown near the village station here as was the original location.

Rev. O. E. Newton, pastor of the M. E. church, who injured his foot by stepping on a nail, two weeks ago, is improving, and was able to ride to the open air service Sunday evening.

WILLIMANTIC DRAFTEE AT WESTERLY

Arrested on Charge of Larceny—Claim That Arthur E. Payette Adopted Crooked Methods in Delivering Coal—Mrs. Laura Wilkins Again Defendant in Court Case—Tuna Club's Record Sunday Catch—Cook-Wargelin Marriage at Voluntown.

Arthur E. Payette, who came to Westerly from Willimantic five months ago, was arrested by Chief Brown at Pleasant View, Tuesday, while engaged in delivering ice for the Westerly Ice company, having been thus engaged for a week. Prior to this he worked for and worked the Andrews Coal company, and he was arrested for larceny from that concern, being charged with the theft of eighteen baskets of coal valued at fifty cents each, total value \$9. He delivered the coal to a cash customer, and not the one to whom it was sent. In so doing he falsified a receipt for wood, and thereby committed forgery, but this charge will not be made.

Chief Brown questioned Payette in regard to his registration and his stories connected with the coal company. The chief communicated with the local board at Willimantic and ascertained that Payette had been ordered to go with the increment from the town of Willimantic. Payette is undersized and was exempted from previous calls, but under recent ruling he was called to make up the present quota. He gave his address as Putnam, where the notice was sent, and presumably Payette told the truth when he stated that he had received no notice to go to Camp Devens. The secretary of the Willimantic local board told the chief that the board expected Payette to report, but would not interfere in any move that was made towards prosecution for larceny, especially after the chief had information that he would probably be sent to a state institution for safe keeping, and within the grasp of the local board when wanted.

In the hand-engine tournament at Crescent Park, held under the auspices of the Rhode Island State Firemen's League, the Star of Westerly, was given fifth place in the contest, with eight entries. The Westerly firemen have no complaint against the judges, or management of the meet, but regret that first instead of fifth honor was not received. Local firemen claim that the Star sent water a greater distance than any other competing engine, but due to the signalman, the water did not show the mark on the lane of paper when water was sent to its greatest limit. The men at the brakes, the men at the nozzle, did their full share to win first prize, but, they say, the signalman did not properly direct the stream to the paper, with his little red flag, from his station well down the paper lane.

The Star engine was in first class working order, and her working crew was augmented by firemen from Providence expert at the brakes, but it was impossible to win, under the rules, unless the length of the stream left its extreme drops on the paper, instead of on the side lines.

In the second district court, before Judge Nathan B. Lewis, the case of George A. Holley against Laura Wilkins, an action in back account, was given a hearing, with R. W. Case representing plaintiff, and A. T. L. Ledwidge the defendant. Much time was devoted to technical points, regarding the means process, Mr. Ledwidge objecting, as the officer's return states the attached property was not under attachment. The action is to recover compensation for the keep and care of horses belonging to Mrs. Wilkins, amounting to \$322.07. At the request of Mr. Ledwidge the case was held open for further evidence.

Mrs. Wilkins was defendant in a suit tried recently in Westerly, with Patrick Kelly, village blacksmith, as plaintiff, in which decision by jury was given for plaintiff on a back account. There was a tinge of sensation in the case when counsel for the defendant stated in open court that his client had lied to him in regard to essential points in the case, and an attorney asked Judge Doran to excuse him from the case. The request was not granted and the case proceeded.

At the annual meeting of the Atlantic Tuna club, which was held by the late Charles W. Willard, held in Providence, Monday afternoon, Zenas W. Bliss of Cranston was elected president, L. Dana Chapman of Boston vice president, Lloyd W. Crandall of Ashaway secretary and Ralph C. Watrous of Providence, treasurer. The club house at Block Island was opened July 1 and activities will continue to the close of the season in September or October, and then suspend for the duration of the war or until such time as the directors may determine. Last Sunday, which was the first of the season, a record of the day's rod and line, is said to be the one-day record of the season. Twelve fish were taken and the largest weighed sixty-five pounds.

There arrived at the Rumford rifle range Monday afternoon a detail of sailors, 188 from the naval reserves receiving barracks at Newport. They will practice for a period of ten days, when they will return to Newport, and another detail take their place at the state rifle range.

Captain John Champlin, United States Reserves, Officers' Medical Corps, has been assigned to active service, and ordered to report to Camp Devens for temporary duty at the base hospital. Captain Champlin is the dean of Westerly physicians and has practiced medicine for more than thirty years. He offered his services several months ago for base hospital work, was accepted and commissioned first lieutenant and subsequently promoted to be captain, but was not allowed to service. He will go direct to Devens, without preliminary intensive training. Once in active service it is expected that he will soon be promoted to be major in the medical corps.

The joint committee of the board of trade and historical society, selected to arrange for the celebration of the two hundred and fiftieth anniversary of the town of Westerly, in May, 1913, held a session in the Memorial and Library building, to hear suggestions in regard to the publication of a history of the town, and the general observance of the anniversary, by Gilbert McClurg, now of Stonington. Mr. and Mrs. McClurg are scholars and well informed historians. The committee received much enlightenment in regard to a suitable method for the celebration, and Mr. McClurg received a vote of thanks from the joint committee. It may be possible to secure the services of the McClurgs in the preparation of the local history. The committee will meet later to give the matter further consideration.

Ernest Young, naval reserve, first class seaman, son of Mr. and Mrs. Alexander Young, of Sumner street,

stationed at the Melville coaling station in Mt. Hope Bay, was severely injured and is now in the naval hospital at Newport. He was at work on an elevated hoisting derrick, when by reason of some defect, the handle of the crank at which he was at work suddenly flew back, striking him in the face, and it is reported, broke his nose. He was also thrown from a scaffolding and sustained injury to his shoulder, and several cuts and bruises.

Barbour, Westerly, \$10; Bible class of Pawcatuck church, of Westerly, \$50; Pawcatuck church, \$38.82; Rockville church, \$3; Marie S. Sullivan, Providence, \$10; Waterford church \$38.10.

EVERY WOMAN
EVERY MOTHER
EVERY DAUGHTER
NEEDS IRON
AT TIMES

To help strengthen her nerves and put color into her cheeks.

There can be no beautiful healthy, rosy-cheeked women without iron. The trouble in the past has been that when women needed iron they generally took ordinary metallic iron, which often corroded the stomach and did more harm than good. I always insist that my patients take only organic iron—Nutriron. This particular form of iron is easily assimilated, does not blacken nor injure the teeth nor upset the stomach. It will increase the strength and endurance of weak nervous, irritable, careworn, haggard-looking women in two weeks' time in many instances. I have used it in my own practice with most surprising results.—Ferdinand King, M. D.

MANUFACTURER'S NOTE.—Nutriron is recommended above by Dr. Ferdinand King. It is the only iron preparation that can be obtained from a good manufacturer. It is guaranteed to be pure and its money refunded. It is sold by all druggists.
